

Spare Parts & Equipment

Controllers, Breakers Camlocks, Heater & More

Controllers / Breakers / Contactors

Stock No.	Description
80113	Circuit Breaker: A single 60A @ 277 volt/480 Dorman/Smith type for 3 phase controller
80114	100Amp Merlin Gerin Circuit Breaker: 3 pole with shunt trip-unit
80115	150Amp Merlin Gerin Circuit Breaker: 3 pole with shunt trip-unit
80116	250Amp Merlin Gerin Circuit Breaker: 3 pole with shunt trip-unit
80150	Auto/Manual Toggle Switch: For Controllers
80160	Auto Manual Toggle Switch: For Power Supplies
80170	Albright Contactor: Single pole 200Amp 110 volt coil for power sources and controllers
80190	Contact Kit for Stock No. 80170: Fixed contacts / Moving contacts and spring
82070	Blow Out Magnets: For Albright contactor - to be used on DC power
82071	Lifting Eyes: For power sources 1" 1/8
81751	Electroserve Controller: 0-2200 (F) (3-3/4" x 1-3/4")
81752	502 Magi-Pack Controller: 0-1999(F)- Accuracy>0.25% / With External Set Point Capability
81753	502 Magi-Pack Controller: 0-1999(F)- Accuracy>0.25% / Does not have Remote set Point Capability
81758	CAL - Controller: Model 9400 (Dual Display)
81759	CAL - Controller: Model 3311 (Ramp to Set Point / Dual Output)
81760	Industrial Energy Regulator: 110 Volt - Comes with knob, scale and hardware
81761	P256 6-Zone Programmer / Controller
81800	P2001 - Program Controller
81801	S2001 - Slave controller for P-2001 with remote set-point capabilities
81802	Ammeter - (Digital)
81809	Program off local 3-way switch

Spare Parts & Equipment

60 Amp Camlock Style Parts

Stock No.	Description
80400	
	Male Brass Connector with Screw
80410	
	Male Insulated Sleeve Only
80411	Male High Temperature Sleeve Rated at 425(F) continuous 600(F) intermittent
80412	
	Female High Temperature Sleeve
80420	
	Female Brass Connector and Screw Only
80430	Female Insulated Sleeve Only
80440	
	Sleeve Retaining Pin Only
80441	Copper Shim for 60Amp Camlock Style Connector
80520	60Amp Panel Mount Female Camlock Style Connector: Comes complete with panel lock, nut and lug mounting hardware
80521	60Amp Panel Mount Male Camlock Style Connector: Comes complete with panel lock, nut and lug mounting hardware

300 Amp Camlock Style Parts

Stock No.	Description
80450 	Male Brass Connector with Screw Only
80451 	High Temperature: Male Cover Only. Rated at 425(F) Continuous 600(F) Intermittent
80452 	High Temperature Female: Cover Only. Rated at 425(F) Continuous 600(F) Intermittent
80460	Male Insulated Sleeve Only
80470 	Female Brass Connector and Screw Only
80480	Female Insulated Sleeve Only
80490 	Retaining Pin Only
80491	Copper Shim
80500	300Amp Panel Mount Male Camlock Style Connector: Comes complete with panel lock, nut and lug mounting hardware
80510	300Amp Panel Mount Female Camlock Style Connector: Comes complete with panel lock, nut and lug mounting hardware

Thermocouple Parts

Stock No.	Description
80540	Panel Mount Thermocouple Socket With Clip for Power Sources
80541	Panel Mount Thermocouple Connector Screw Mount Single Circuit: Type (KX)
80542	Panel Mount Thermocouple Connector Screw Mount Double Circuit: Type (KX)
80544	Panel Mount Thermocouple Connector Strip 4 Circuit: Type (KX)
80546	Panel Mount Thermocouple Connector Strip 6 Circuit: Type (KX)
80549	Panel Mount Thermocouple Connector Strip 12 Circuit: Type (KX)
80548	Panel Mount Thermocouple Connector Strip 18 Circuit: Type (KX)
80547	Panel Mount Thermocouple Connector Strip 24 Circuit: Type (KX)

Heater Wire For Ceramic Pads

Stock No.	Description
81001	Heater Wire 60/16: Rated 45 Amps
81005	Heater Wire 19/23 - 1/2 - 80/20: Rated 45 Amps
81006	Heater Wire 19/23 - 80/20: Rated 50 Amps
81007	Heater Wire High Temp 19/23: Rated 50 Amps
81010	80/20 Heater Wire with 18" of Cold Tail Wire for 80 Volt Heaters: For Rebuilding Ceramic Pad Heaters
81011	Cold Tail Wire-Stranded: Nickel
81020	7 Gauge 80/20: Resistance Wire Solid
81025	7 Gauge-High Temperature: Resistance Wire Solid
81080	Welding Ferrule: Used for Joining Cold Tail Wire to Ceramic Pad Heaters
81090	Stainless Steel Crimp Ferrule: Used for Joining Cold Tail Wire to Ceramic Pad Heaters

Ceramic Beads For Flexible Pad Heaters

Stock No.	Description	Stock No.	Description
81300	Main Body Bead	81330	Female End Bead
			
81310	Main Body Bead with Fixing Hole	81340	Tail Bead Single Hole
			
81320	Male End Bead	81350	Junction Bead
		81360	

Bank Heater Beads

Stock No.	Description	Stock No.	Description
81370	Main Bead	81410	Twin Hole Bead
			
81380	Radius Slotted Bead	81420	Stepped Bead
			
81390	Square Slotted Bead	81430	Washer Bead
81400	Single Hole Bead
